### Certificate of Origin and Compliance

This letter certifies that the Electrical Steel Conduit products labeled as Nucor Tubular Products, Republic Conduit Inc. have been manufactured in the United States. These conduit products have been formed from US melted; high percentage recycled, flat rolled steel produced in our own Nucor Steel mills located within the United States. Our Conduit products have been Hot Dip Galvanized or Electrogalvanized per current UL6, UL1242 and UL 797 steel conduit requirements and receive a passivation coating after galvanizing to prevent white rust formation. Nucor conduit products have been produced from steel that was 100% melted, rolled, welded, formed, processed and coated within the United States and conforms to Buy American and Buy America requirements as noted below:

- The Buy American Act (41 U.S.C. Sec.10a-10d),
- Section 1605 of the American Recovery and Reinvestment Act of 2009,
- The Buy America restrictions of the Federal Transit Administration (49 U.S.C. Sec. 5323 (j)),
- Federal Highway Administration 23 U.S.C. Sec 313 – Buy America; C.F.R. sec 635.410
- The American Iron and Steel requirement as mandated in EPA’s State Revolving Funds Program.
